

MACKENZIE QUEEN HYBRID MATTRESS

SKU: 307679

The Mackenzie Euro Top Hybrid is engineered to deliver deep conforming comfort, superior support and value. This series features a high carbon content “tempered” pocket spring system, designed to eliminate motion transfer, and yet affords support, and conformability to the body’s individual contours.

Sophisticated heavy weight circular

knit cover with natural fibers is used to enhance surface comfort, while soy-based upholstery grade foams and cool gel memory layers are layered with an ascending support strategy.

Features:
