Push will be the best description for your new bedroom collection. The entire suite is upholstered in a PLUSH man-made velvet. There is not likely a more dramatic bed in the entire furniture industry. The shelter bed features full button tufted upholstered details accented by chrome nail heads. The footboard and rails rails also feature this button tufted detail. The bed and case pieces have Queen Anne styled metal legs. The bed's rails seem envelop you in a super comfortable, cluttered space with a delicate arched top. The velvet fabric consists of a man-made polyester velvet for long lasting wear. The crystal like hardware sparkles against the plush velvet drawer faces. Your friends and neighbors will complement you on your great taste. 3 PC Includes headboard, footboard and rails.
