Make a sophisticated statement with the Blair Bedroom Collection, where contemporary design meets inviting comfort. A striking almond white finish contrasted with bold black tops and accents gives Blair a fresh, upscale look. Thoughtful details set the Blair night stand apart. Sleek tapered legs create a light, modern profile, contrasting hardware adds just the right touch of character, and the dark case tops provide a dramatic finishing element. Behind the style is construction designed for everyday living, including English dovetail drawers, smooth ball-bearing drawer glides, positive drawer stops and dust-proofed case bottoms. Whether furnishing a primary bedroom or creating an impressive guest suite, Blair delivers the combination of fashion, function and value today's homes demand.
