\$259.95

Sunlit Muse II captures a striking fashion portrait with sculptural presence, pairing oversized sunglasses and a dramatic hat with a palette of beige, brown, and muted gold. The acrylic-painted finish reveals visible texture across the circular hat, skin tones, and softly draped garment, giving the piece depth and an artisanal look, while the frame adds a polished edge. Perfect for a bedroom, living room, or entryway, this vertical composition introduces modern glam style and a strong, sophisticated focal point without overwhelming the space. Striking fashion portrait creates an instant focal point.
