The Oceanic Drift Table Lamp strikes a balance between art and lighting, featuring a beautiful blue drip reactive glaze over a distinctive ceramic silhouette. The glaze creates an eye-catching pattern that is unique to each lamp, promising to be a conversation starter in any room. Topped with a soft white drum shade, this lamp provides a gentle diffusion of light, perfect for creating an inviting atmosphere. Its 27.5-inch height is versatile, making it a suitable choice for bedside tables, entryway consoles, or living room end tables. Designed for use with a standard bulb, this lamp illuminates spaces with style and substance. Unique blue drip reactive glaze finish.
